

BENEFITS OF CASHMANS ELITE FENCING SYSTEM

- 1000' Feet Per Roll for \$149.99
- Made of UV Resistant Polyester
- Contains 6 Strands of Tin Coated Copper Wire
- 1,800 lb. Breaking Strength

Safe & Durable

- Cashman Elite is flexible, preventing deep cuts or injury unlike bare high-tensile or even woven wire.
- Fallen trees or limbs often only break the insulators and the fencing comes back to form once the limbs are removed.

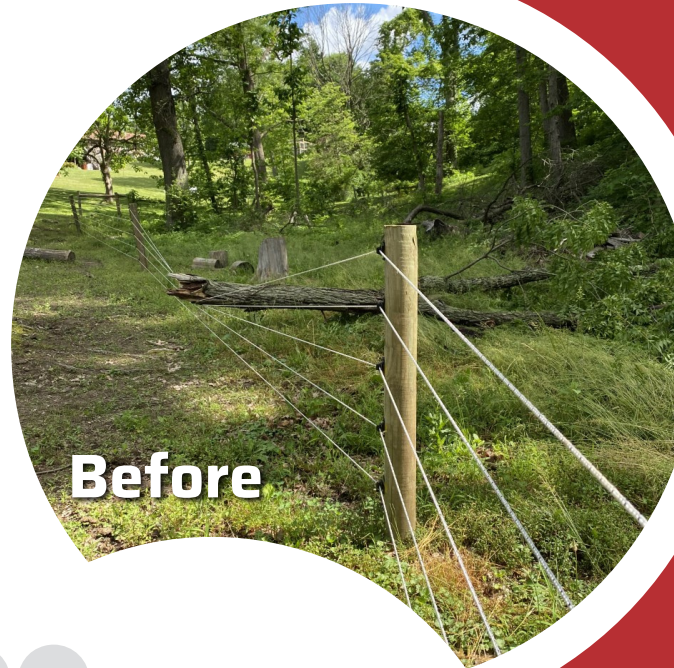

Cost Effective

- One of the least expensive types of fencing per foot
- You can space your line posts as far as 50' apart, reducing your cost in posts and insulators as well as installation time

Low Maintenance

- Made of polyester which holds its tension better than wire and other nylon or synthetic materials
- Only needs re-tensioned once a year or every other year
